

PROGRAM ADDENDUM

The following are last minute changes and cancellations that occurred after the official meeting program guide was printed. **Please note: Additional cancellations that occurred after July 1, 2015 will only be posted onsite at the Conference Registration Desk**

Any “cancelled” presentations will remain an open spot. Moderators and Symposia organizers have been instructed not to skip ahead and to follow the remaining presentations as scheduled.

CANCELLATIONS:

MONDAY, JULY 6, 2015

S01 Mountain Land Use Changes and Ecosystem Services *GALLERIA I*

Cancelled:

11:25 AM **S01-5 Land use/cover Changes in the Uttarakhand Himalaya: assessment and mapping.** Vishwambhar Prasad Sati, Department of Geography and Resource Management, Mizoram University, Aizawl, India.

S04 Keeping Pace with Climate Change: Resilience in Coastal Riverscapes *GALLERIA III*

Cancelled:

4:05 PM **S04-9 Response of Sundari to increased salinity in the Sundarbans.** Md Mizanur Rahman, Upazila Nirbahi Officer, Batiaghata, Khulna, Bangladesh; Harald Vacik, Institute of Silviculture, University of Natural Resources and Life Sciences, Vienna, Austria.

4:35 PM **S04-11 NYC Salt Marsh Conditions and Vulnerability to Sea Level Rise: Analysis and Recommendations.** Marit Larson, NYC Parks; Chris Haight, NYC Parks; Rebecca Swadek, NYC Parks; Ellen Hartig, NYC Parks; Nicole Maher, The Nature Conservancy.

S10 Waterscape Genetics: New Perspectives on Connectivity in Fluid Environments *SALON I*

Cancelled:

2:00 PM **S10-8 Pelagicscape genomics: what are the factors driving genomic differentiation in holoplankton?** Matthew Iacchei, University of Hawaii at Manoa; Lauren VanWoudenberg, University of Hawaii at Manoa; Robert Toonen, Hawaii Institute of Marine Biology; Erica Goetze, University of Hawaii at Manoa.

S11 Modeling Drivers and Consequences of Land Change: Data-based vs. Process-based Approaches

GALLERIA I

Cancelled:

2:20 PM **S11-4 Exploring the impact of policy measures on farmers’ adoption of afforestation on degraded croplands in Uzbekistan: Agent-based modeling approach.** Begzod Djalilov, Center for Development Research (ZEF), Germany; Prof. Dr. Asia Khamzina, University of Bonn, Center for Development Research (ZEF), Germany.

CANCELLATIONS CONTINUED ...

S13 The Landscape's Metabolism: Interweaving the Landscape Ecology, Urban studies and Industrial Ecology to Understanding Landscape Tissues in an Urban World *PAVILION WEST*

Cancelled:

3:20 PM **S13-7 Economy Goods and Place-based Culture: Increasingly Globalised Issues of Relationship between City and Country.** Chiara Garau, Pasquale Mistretta Department of Civil and Environmental Engineering and Architecture – DICAAR, University of Cagliari, Italy.

CO-09 Coastal Landscapes II *BROADWAY I*

Cancelled:

3:20 PM **CO 9-1 Urban coastal landscapes in transition in the research-based project studio.** Dr. Adnan Kaplan Ege (Aegean) University Faculty of Agriculture İzmir, Türkiye (Turkey).

S14 Bridging Cultural Landscapes and Landscape Ecology *BROADWAY III*

Cancelled:

3:50 PM **S14-10 Reversing Biodiversity Loss and Land Degradation Across Agricultural Landscape in Southern Nigeria.** Ekeoba Matthew Isikhuemen, University of Benin, Benin City, NIGERIA.

TUESDAY, JULY 7, 2015

Cancelled:

P24-17 **Documentation and Long Term Sustainable Livelihoods Approach for Conservation of Natural Resources and Indigenous Knowledge Among Rural Women in Garhwal Himalayan Landscape, Uttarakhand, India**
Bhagwati Uniyal, Navdanya, Uttarakhand, India

S24 Integration of Landscape Ecology into Ecosystem Service Assessment for Sustainability of Coupled Human-Environment Systems *BROADWAY IV*

Cancelled:

10:35 AM **S24-8 Early post-fire regeneration of a fire-prone subtropical Pinus mixed forest in Yunnan, southwest China: the effects of pre-fire vegetation, fire severity and topographic factors.** Jie Han, Zehao Shen*, Lingxiao Ying — Peking University

WEDNESDAY, JULY 8, 2015

S39 Interfaces Between Landscape Structure and Ecosystems Services *SALON II*

Cancelled:

1:40 PM **S39-9 Participatory Forest Management Practice: A need to sustain pollination service in Sikkim, India.**
Urbashi Pradhan, Ashoka Trust for Research in Ecology and the Environment and Manipal University.

S40 Landscapes and Health: Exploring the Impact of Landscapes on Restoration and Well-being and on Disease Transmission *SALON I*

Cancelled:

10:40 AM **S40-5 Use and perception of urban green in Asian mega-cities.** Sophie Schetke, University of Bonn; Salman Qureshi, Humboldt-Universität Berlin; Sven Lautenbach, University of Bonn; Nadja Kabisch, Humboldt-Universität.

S48 James W. Merchant, Jr. Memorial Symposium: Prospects of Geospatial Technologies to Support Landscape Sustainability and Development in Africa *BROADWAY I*

Cancelled:

3:20 PM **S48-14 Landscape Architecture a Catalyser for Sustainable Development: A Case Study of Greater Accra Metropolitan area, Ghana.** Joel K Asiedu, Ph.D., Student, Department of Landscape Architecture and Regional Open Space, Faculty of Architecture, Technische Universitat Muenchen. Germany.

THURSDAY, JULY 9, 2015

S45 Shaping Landscape Ecology Approaches Worldwide in Different Regional Contexts *GALLERIA III*

Cancelled:

4:20 PM **S45-9 Exploring the spatial dimension of landscape identity to bridge culture and nature.** Isabel Loupa Ramos, IST/University of Lisbon; Sónia Carvalho Ribeiro, ICAAM/University of Évora; Fátima Bernardo, University of Évora; Veerle Van Eetvelde, University of Ghent

This presentation will now take the 4:20PM timeslot in S45:

4:20 PM **S45-10 The Diversity of Approaches to Landscape Ecology and Landscape - in Europe and Beyond.** Ingrid Sarlöv Herlin, Department of Landscape Architecture, Planning and Management, Swedish University of Agricultural Sciences, Sweden.

S50 Carbon Stocks and Flows in the Landscape *FORUM SUITE*

Cancelled:

4:05 PM **S50-10 Biodiversity and Ecosystem Carbon Budget in Degraded Landscapes Following Shifting Cultivation in Upland Philippines.** Sharif A. Mukul, Tropical Forestry Group, School of Agriculture and Food Sciences, The University of Queensland, Brisbane, Australia;

S54 Beyond General Legacies in Historical Ecology: Quantifying Past Human Use and Disturbance Effects to Understand Current Landscapes *SALON III*

Cancelled:

3:50 PM **S54-11 Mapping and quantifying the globalization of western landscape management regimes - A spatial history of landscape modernization, 1700-2000.** Andreas Aagaard Christensen, Department of Geosciences and Natural Resource Management, Copenhagen University, Denmark.

CHANGES

MONDAY, JULY 6, 2015

POSTER SOCIAL #1

P04-8 moved to TO P01 CONNECTIVITY (P01-19)

Characterising Gap-Crossing Distances Between Fine-Scale Landscape Elements Such as Scattered Trees For Connectivity Modelling

Alex M. Lechner, Centre for Environment, University of Tasmania, Australia, Centre for Social Responsibility in Mining, University of Queensland; Edward C. Lefroy, Centre for Environment, University of Tasmania, Australia

NEW: P04-20

Context and consequences of bark beetle outbreaks and fire in the Lake Tahoe Basin

Alec M Kretchun, Portland State University

CHANGES CONTINUED...

ROOM CHANGE: IALE International Members Meeting on Monday evening from 7:00 - 8:00 PM **will be held in Galleria 2 on the Ballroom Level.**

THURSDAY, JULY 9, 2015

S44 Ecosystem Services: Supply, Flows and Demands in and Between Landscapes *GALLERIA II*

S44-10 Applying Ecosystem Services in Landscape Planning: An Adapted Framework, Case Study and Implications. Christian Albert, Leibniz Universität Hannover & Helmholtz Centre for Environmental Research - UFZ; Carolin Galler, Johannes Hermes, Felix Neuendorf, Christina von Haaren — Leibniz Universität Hannover; Andrew Lovett, University of East Anglia.

➤ **THIS PRESENTATION MOVED FROM 2:00 PM TO 11:50 AM**

S31 Climate Change and Biotic Interactions: Linking Theory, Data and Methods Across Scales

PAVILION EAST

10:50 AM **S31-6 NEW TITLE**

➤ **Spatio-temporal variation of biotic factors underpins contemporary range dynamics of congeneric species.** Ilona Naujokaitis-Lewis, Carleton University/Environment Canada; Marie-Josée Fortin, University of Toronto.
